

Exercise 1

Problem Statement:

Create a page **exercise1_dine_booking.html** for the customer to book a slot for dining. The page should appear as below

The screenshot shows a web form titled "Dine Booking". It contains the following fields and controls:

- Visitor Name:
- Number of members:
- Contact No:
- Email:
- Type of Food: ☒ South Indian ☐ North Indian ☐ Chinese ☐ Western
- Room Status: ☒ AC ☐ Non-AC
- Venue Preference:
- Buttons:

The form must contain the following data in the given format.

Visitor Name, **Number of members**, **Contact No.** , **Email**, **Type of Food** (South Indian, North Indian, Chinese, Western (use check boxes)), **Room Status** (AC, Non AC(use radio buttons) and make AC default), **Venue Preference** (Arena, Fiesta, Vista, Mythri, Magna, Oasis, Amoeba (use dropdown list)) and have a **“Book”** submit type button and a **“Reset”** reset type button.

Note: All the input fields are **mandatory**

- **Visitor Name** max length is 20 characters, should be autofocus.
- **Number of members** is of number type and can accept maximum of 2 digit number
- **Contact No** is of number type
- **Email** is of email type
- **South Indian** checkbox in **Type of Food** and AC radio button in **Room Status** must be checked by default. For the grouped checkboxes and radioButtons it is sufficient to have required attribute for one among them
- Amoeba must be disabled in **Venue Preference** drop down and value should be ""(empty String) for SELECT option

Exercise 2

Problem Statement:

- Modify the previous exercise of form **exercise 2_dine_booking.html** to display the form in a tabular format. The page should appear as below:

Dine Booking

Visitor Name:

Number of members:

Contact No:

Email:

Type of Food:

☒ South Indian

☐ North Indian

☐ Chinese

☐ Western

Room Status:

☒ AC

☐ Non-AC

Venue Preference:

--SELECT-- ▾

Book

Reset

Exercise 3:

Problem Statement:

- Create a page named **exercise3_venues_vendors.html** for displaying the Infy gourmet venues and respective vendor partners in a tabular format.
- User can enjoy Infy music and get food for thought by watching a video apart from viewing venue-vendors details. The audio plays automatically when the page is loaded.
- Video plays only on user's request. The page should appear as below

Infy Online Gourmet Shop

Infy Music for you...

You can use the below data in the page to present the data in tabular format.

Venue and Vendor details	
Venue	Vendors
Arena	Amul, Juice junction
Vista	Dominos
Maitri	Polar bear, KFC
Magna	Metri cool, Dolphin
Oasis	Dolphin, Loyal world
Fiesta	Polar bear, Dominos, Chickpunch
